

CALIFORNIA COALITION TO END CHILD MARRIAGE

Global Hope 365 Youth and Young Adults Ambassador Program

Global Hope 365 administers a Youth and Young Adults Ambassador Program designed for high school and college students in California. Youth/Young Adults participants are competitively selected based on leadership aptitude, and exemplary online citizenship and conduct. We are also interested in expanding the program nationwide.

The youth/young adults Ambassador Program combines:

- Leadership development
- Community service
- Human rights education

The application for youth/young adults participants for Summer 2022 to Summer 2023 is open. The program is a one-year commitment as Global Hope 365 invests significant resources into training ambassadors.

Youth and Young Adults Participants

Participants explore current laws and policies that impact the human rights of women and girls in our social structures and communities. Global Hope 365 provides training and messaging. Ambassadors are encouraged to examine ways to educate their own peers.

Child Marriage

Regarding child marriage, youth/young adults are most able to relate to the idea of their teen and young adult experiences and education being taken away for the practice of Child Marriage. Through a Youth and Young Adult-led campaign, youth/young adults can tell lawmakers, “no minor should be married before age 18.”

Human Trafficking

Youth/young adults ambassadors promote online safety and education of the prevalence of human trafficking in our communities. As perpetrators increasingly use social media, chat rooms, and gaming apps to “groom” and communicate with minors, kids can use their platforms to reach their peers.

A social media campaign alerts peers to not communicate with people they do not know in real life. Ambassadors become leaders in their peer groups by sharing messages on their social media accounts to promote wise and careful use of social media and communication.
